

Finding out more about our school curriculum

At Engayne, we view the education of a child as a partnership between the family and school. A mutual understanding between parents and teachers about the aims of education will enhance the child's ability to succeed.

Parents are kept regularly informed about our school curriculum and their child's progress. Some of the ways we communicate to parents include:

- Two parent evenings per year.
- A written report for each child, issued at the end of every school year.
- A Parent Council Meeting, each half term.
- Half-termly topic letters, which contain details of the key outcomes which we expect all children to achieve in any given half term.

The yearly curriculum overviews for each year group are also freely available on the school's website, for parents and other members of the public to view and download.

In addition, parents are always welcome in school and teachers are very willing to discuss any curriculum issues that parents may have, in relation to their child.

If at any time you wish to arrange an appointment with your child's teacher, please contact the school office, as teachers are not generally available in lesson time due to their class commitments.
