

Ready Steady Read 2020-21

In the past, children have completed their reading tasks and provided evidence from the list below in their homework books:

EVIDENCE (from previous years)

Photo in homework book

Short character review

Write an acrostic of the title naming events and characters

Write a new 'blurb' for the back of your book.

Write a letter to the author telling them why you did or didn't like the book

Write a summary of the story in no more than 50 words

Think of 5 questions you would ask the main character. Answer them as the character.

This year, it's slightly different. We have had some requests to still send home the Ready Steady Read activities for the children. So at home, if you would like to take part with the children, you could always encourage your child to complete something from the evidence list above. Then a signature from an adult at home, in the blue diary, will be fine for us to see. It can be something you tick off together at home.

If your child completes a line from the grid, please send us a photograph of the work your child has done to complete the line, so we can celebrate it at school.

Rewards:

For an individual box: 3 house points once the teacher has seen the signature in the blue diary on a Friday.
