November 2020

Dear Parents/Carers

Year 6 Sex Education programme

You will recall that we contacted parents in October, confirming that we will be teaching the first two lessons of this year's Sex Education programme this term. The themes are:

- exploring some differences between healthy and unhealthy relationships
- knowing that communication and permission-seeking are important in relationships
- understanding when it is appropriate to share personal/private information in relationships
- knowing how and where to get support if online relationships go wrong

If you would rather that your child did NOT take part in Year 6 Sex Education programme, please complete the opt-out form below and return it by Friday, 27th November. Please note that **you only need to return this form if you do not wish your child to take part.**

Yours sincerely

Mr. P Fitzpatrick
Year 6 Teacher

I **DO NOT** wish my child to take part in the Year 6 Sex Education programme.
