1st Ignis:

2nd Aqua:

3rd Ventus:

4th Terra:

KS2

1st Aqua:

2nd Terra:

3rd Ignis:

4th Ventus:

NETBALL

It was the semi final of the borough league and a win would see us through to the final against Parsonage Farm.

The A team played incredibly well and managed to win 16-8. All the children were nervous but played as a team and fought hard to win the match. The B team also played and won 5-3.

So on to the finals and we played Parsonage Farm at Scotts Primary School on 18th May.

Parsonage have a long and rich history in borough netball and have won the tournament 7 times in the last 10 years.

The team battled hard but were 4-0 down in about 5 minutes. Some real resilience was needed and they fought back to be 8-6 down at half time. The 2nd half was really competitive with our team digging deep to gain and regain possession of the ball. Full time and it was 16-11. Silver medals for us at the end of a fantastic season and some amazing performances from the team! We are all so very proud of all the team and players. They represented Engayne at every game with sportsmanship and excellent play.

It has been a lovely half term with many activities planned for the children. We have reintroduced the older children supporting the younger year groups which has been so helpful.

The jubilee party and sports days were enjoyed by all and the weather was kind to us.

We hope you all enjoy the jubilee celebrations next week and some time with family and friends. See you all on Monday 6th June. Regards Mrs Sankey

Reception

Reception have enjoyed learning about the life cycle of a butterfly we had our own caterpillars in class.

Frankie's

Abessia

Year 1

In Year One we have been learning about Florence Nightingale. We learnt that she was a famous nurse who changed hospitals for the better. We also had a fun phonics workshop and invited our parents in. We had a lovely time.

By Isla and Ella 1B

Year 2

In year 2 we have been busy using fabric paint to make our carnival t-shirts. We got very messy!

Eva 2J

Year 3

In 3M, this term, we have been looking at many exciting and interesting topics.

Such as learning about how and why the Romans came to Britain and about the eruption of Vesuvius.

It must have been terrifying to live in Pompeii and see everything and everything destroyed. In English, we have been writing adventure stories about escaping from Pompeii.

Written by Zachary and Frank

Year 4

In year 4 this half term, we were learning about the Egyptian Gods such as Ra the Sun God and Anubis the God of the after life.

In our P.E lessons, we learnt how to play cricket and were playing games as well. We had such fun playing batting, bowling and fielding. We couldn't stop playing!

We also made our own canopic jars from Egyptian times using paper mache, bottles and paint.

As well as learning about the three states of matter: liquids, gasses and solids outdoors! It was fun doing the experiments.

Jackie and Amelie B 4W

Year 5

Forest School

This term in Forest school we've been learning about how to take care of the school's environment. We have been climbing trees, making dens and even been doing some arts and crafts. In five weeks, on a Tuesday afternoon we go. On the fifth week we still go out on a Tuesday but we add one more day on Friday. On Friday we roast some yummy marshmallows and had some hot pizza wheels made by Mrs Grassick and Miss Donovan.

Sienna W-5B

Year 6

In these last six weeks, we have been super busy. First, we did SATs. We'd worked very hard to get the best scores we could, we are all glad that they are over now. We also did work on Charles Darwin and how he told everyone about Evolution. Evolution is where animals change, to suit their environment. Then came POP ART. This is bold, fun, witty and mass produced. Famous POP artists are people like: Andy Warhol and Richard Hamilton. Now let's get party. We did a Basketball competition against the four houses (Aqua, Igais, Ventus and Terra) and Ventus won. Also we did sports day which was very fun. You might have been there to watch your child. Finally, as you might know off, we are celebrating 10 years of Queen Elizabeth II being on the throne. We made banners, crowns, castles and decorated plates which we used at our party. So that has been our busy six weeks. Aha, right? Who knew we could do so much?
