Some of this information is then stored in the [National Pupil Database](#) (NPD), which is owned and managed by the Department and provides evidence on school performance to inform research.

The database is held electronically so it can easily be turned into statistics. The information is securely collected from a range of sources including schools, local authorities and exam boards.

Parents and pupils' rights regarding personal data

Individuals have a right to make a '**subject access request**' to gain access to personal information that the school holds about them.

Parents/carers can make a request with respect to their child's data where the child is not considered mature enough to understand their rights over their own data (usually under the age of 12), or where the child has provided consent.

If you make a subject access request, and if we do hold information about you or your child, we will:

Give you a description of it

Tell you why we are holding and processing it, and how long we will keep it for

Explain where we got it from, if not from you or your child

Tell you who it has been, or will be, shared with

Let you know whether any automated decision-making is being applied to the data, and any consequences of this

Give you a copy of the information in an intelligible form

Individuals also have the right for their personal information to be transmitted electronically to another organisation in certain circumstances.

If you would like to make a request, please contact our data protection officer via email dpo@engayne.co.uk

Parents/carers also have a legal right to access to their child's **educational record**. To request access, please contact dataservices@judicium.com
