What's happening at Engayne?

Spring 2024 Second Half Term

The Big Walk and Wheel

For the last 2 weeks the Junior Travel Ambassadors have been doing a fabulous job collecting all of the data about numbers of children walking, scooting and cycling to school every day from each classroom and entering this on the Sustrans Big Walk and Wheel website. (Well done Jayden, Ruby, James, Francesca and Thomas).

Thanks to everyone's efforts Engayne currently has the highest percentage for Havering Primary Schools of travel to school on foot, cycle or scooter!

We hope that this will continue after the holiday as the weather brightens and we hope to see lots of bikes in the bike shelters! Miss Brennan.

FOOTBALL

On Tuesday 5th March, the boys' football team travelled to Harrow Lodge Primary School to compete in the semi finals of the Havering competition. The boys won their semi finals match playing brilliantly and were into the finals. After the full time whistle in the final, the match was a draw so it went straight to penalties. Unfortunately, the team did not win on penalties and so Engayne came 2nd overall out of 40 schools in Havering. The boys should hold their heads' up high and be very proud of what they have achieved this year. They represented the school very well and performed to an extremely high standard. Please join me in congratulating the boys for their efforts and achievements.

Mr Nash

ORIENTEERING

This half term, Engayne have taken part in Havering's 'Little League' for orienteering. Classes have been getting outside to take part in different orienteering challenges to try and gain as many points as possible. I'm very pleased to announce that we came 2nd in the Borough. Well done to all the children on their fantastic efforts!

Miss Thomas, PE Lead

Have a lovely Easter weekend and hopefully some of you have some extra family time to enjoy.

For a short half term the children have been busy with crafts in reception, cafe in year 1 and a fantastic performance in year 5. Years 3 and 4 will be inviting grown-ups into school in the summer term.

Thank you to the EPFA and adults who supported the discos and attending the ball. It is very much appreciated, as ever.

We return to school on Monday 15th April. Regards Mrs Sankey

Reception

In Reception we enjoyed our grown ups coming in to school to make Easter crafts with us.
By Sarah
Fleet class

Year 1

This half term we have been busy getting ready for our cafe. We had so much fun making our decorations (Invitations and bunting). Our cafe was a huge success and we loved being waiters and waitresses for the day. It was the best!
By Isaac 1W

By Dotty 1W

Year 2

We have found out what healthy eating means. We have learnt how to chop, grate and peel vegetables and fruit. Now we can help our adults at home!
name Isabella O.S

Year 2.

We've been busy learning lots of new things this term in Year 2.

Olivia 2MI

Year 3

In History, we have been learning about the Romans. We were interested to find out all of the different inventions, including toilets and public baths. We found out that they use urine (wee) as medicine!
In science, we have been experimenting using magnets. We had to predict how strong different magnets were and then checked our results by finding out how many magnets they could hold.

Callum Sofia & JT

Year 4

This half term, Year 4 have been making risotto and creps for our DT Work. We even brought in pieces of fruit. In Science, we have been learning about electricity. We even took a torch apart and put it back together. Year 4 have been reading 'The Indian in the Cupboard' and we did some English on it. We also watched the movie, it was brilliant. In maths, we have been learning about improper fractions, mixed numbers and equivalent fractions.

Edith and James
4BT

Year 5

This term, Year 5 have been extremely busy. We have been engaging in lots of exciting activities. The biggest thing that we have done this term is the Easter performance, where we performed at Saint Luke's Church to our families. We helped raise and collect money for shelter. The performance was about the life and times of Jesus. After that we performed to the rest of the school.

Year 5 enjoyed dressing up for World Book Day. In SP, we filmed our assembly, which was about why and how we celebrate this day. During the assembly, we did a sketch of the book we are reading, Thief by Malorie Blackman. In English, we have written our own version of Thief when Lydia travels into the future.

In Geography, we have been learning about South America. We have used atlases to complete political and physical maps of the continent. In addition, we have enjoyed curling in PE.

by Alfie, Turjo and Cassiel 5P.

Year 6

This term we have been up to exciting lessons such as: Oliver Twist in English and rivers in Geography. Oliver Twist is a story about an orphan in the Victorian era and lived in a Workhouse. He was raised there until he was forced to ask for more food which resulted in him being sold to an undertaker. In Geography, we learnt about the key parts of a river including the source (the start of the river) and the mouth (the end of a river). We have also learnt that the longest river in the world is the Nile and the largest is the Amazon. In PE recently we have learnt that sports don't only include running. We played curling and were put into teams to try to score the most points.
