Engayne Primary School: Year 2 Homework

Spring term

Date set: **Friday 8th March 2024**

Date to be handed in by : **Monday 25th March 2024**

Project based learning.

Title: Spring Big Project: **Design and create a food art picture.**

Focus of project:

In Spring 2, we have been learning about healthy eating, researching where fruits and vegetables come from and how they grow. We have looked at what makes a balanced diet and the importance of the different food groups. The children have designed a healthy packed lunch for a picnic and a hot meal. The final part of the topic is about children experiencing and being able to peel, chop, grate and slice fruits and vegetables.

Outline of work to be undertaken:

Your project is to make a picture using healthy foods. It must be:

- > No bigger than a plate
- > Able to be recognisable
- > Includes peeling, chopping, slicing or grating.

The skills the children will develop whilst completing this project include:

- Designing, making products, refining the design as work progresses.
- Use the basic principles of a healthy and varied diet to create a picture made from healthy foods.
- Peel, cut, slice or grate ingredients safely and hygienically.

Please google 'Simple food art' for some ideas and inspiration.

We ask for a photograph or drawing of the final product to be shared and discussed in class. This can be emailed or printed off for your child to share or bring in.

Time will be given to complete this project in the next couple of weeks.
