

Home learning activities		Engayne Primary School Year Three		Children in Y3 should aim to spend up to 1.5 hours on home learning per week	
Spring 2024				Week 25	
Subject	Topic			Maths	
Purpose	To consolidate work taught in class. To support skills for a future lesson. Research to be used within a lesson.			To consolidate work taught in class. To support skills for a future lesson.  As a year group we carry out interventions during assembly slots to overcome misconceptions which have arisen during our lessons that day.	
Resources	Oak Academy video	Bug Club SPaG		Log on to TTRockstars and practice your times tables.	
	Bug Club spelling	Other			
Description of task	<b>The Big Homework Task!</b> We will be learning about life in Roman Britain from a range of sources. As part of this topic, we will be re-enacting Boudicca's revolt in school and would like you to make a shield to use in the re-enactment. <u>Please choose to either make a Celtic shield OR a Roman shield.</u> <u>We will then have a Celts vs Romans activity where we can have fun with your shields!</u>  <u>Your shield must be made out of recyclable materials and be held in one hand.</u> <u>To be completed by Friday 19<sup>th</sup> April and brought into school clearly labelled.</u>			Next week we are moving on to weighing and measuring. Can you remember the following:  How many grams in 1 kilogram? How many millilitres in 1 litre? How many grams would be in 2 kilograms? How many millilitres would be in 5 litres?  At home, can you use measuring jugs and kitchen scales to work out how much different items you have around the house weigh. Can you work out how much water your school water bottle holds?	
Outcome				This work will be <b>looked at/</b> marked/ used as part of a lesson: during year 3 maths lessons.	
Continuous development of key skills					
Spelling		Reading		Mental maths skills	
<b>What is being taught-</b> Spelling test: 22nd March		<b>Complete at least three reads at home and record them in your diary.</b>		Can you work through the arithmetic questions on the attached sheet?
