

LONDON CHILDREN'S FLOWER SOCIETY

SUMMER SEED COMPETITION 2024

Dear Parents/Carers,

At Engayne we are always looking for new opportunities for the children to learn through practical real life experiences.

This year we have been expanding our growing programme to enable our whole school community to grow a variety of flowers and vegetables in our school grounds.

Year Two are currently growing sunflowers for the London Children's Flower Society growing competition. They will be bringing home a plant this week to nurture and look after for around a month.

The children will bring their plants in to school in late June (date to be confirmed) for the judging visit.

We are also entering the school garden competition so all our growing projects can be included in the contest.

Please take a photo of the plant as it grows as pop it on dojo so we can see how the seedlings are getting on!

Thank you in advance for supporting your child with the project.

Good luck!

Regards
