

Try this at home

Pick an activity and get creative.

You should be able to find everything you need at home.

Activity 1

Pick five random objects from around your house and invent a character that would keep all these objects in their backpack. Why do they need these objects? Can you tell what your character's likes and dislikes are? What are their favourite hobbies? Your family can guess who they are.

Activity 2

Use the senses to describe a favourite place. You might use this to write a story about your place in the most descriptive way.

Sight 	Sound 	Smell 	Taste 	Touch 

Activity 3

Create a paper chain of your closest friends and family. Write each of their names on a loop and include words and drawings that demonstrate why they are important and special to you such as trust, respect, or loyalty.

Activity 4

Pick a memorable moment in your life and create a comic strip telling the story. Include speech bubbles to bring it to life.

Discovering 'connections' with WORDS

Access all Arts

Access All Arts is a nationwide week where children across the country celebrate the arts and nurture their creativity, developing skills and confidence along the way.

Your child has been rolling their sleeves up and getting stuck into a week of arts at school. This year's theme is Connection, which means they have been reflecting on their unique bonds with friends, family, and the wider world. In the Words module, they have explored the magical power of words and discovered how they can connect us to the past.

Now it's time for children to continue their words adventure at home, boosting wellbeing and self-esteem along the way.

Why not dip into the activities here to continue their creative journey?

Discovering you

Create a connection mind map.

Put your name in the middle of the box. Write down all the things you feel connected to. You can include drawings as well. These can be people, places, objects, memories...anything!

Discovering emotive words

Showing emotions with emojis.

Reflect on a favourite character from a book. Draw and write three different emotions that they felt during the story.

Examples: *excited, shocked, playful, proud, worried*

Discovering your past

Connect to your past with a family tree.

Our families come in all shapes and sizes, celebrate and discover more about your past by filling in the family tree. You could use this activity as a starting point to write a story about a family member you feel close to or want to learn more about.
