Tag Rugby

The Tag Rugby team have had an amazing season. We began training shortly after Christmas, and the turnout was fantastic (25 boys and 18 girls). *The number of girls attending each week was more than tripled compared to last year.* The club worked incredibly hard, sharpening their skills and improving their ability to work cohesively as a team.

In March, 11 children from the club were selected to take part in the Havering Sports Collective, a tournament which involved competing against schools across Havering. Their performance was phenomenal, as they played every game with great conviction and teamwork. During the first round, Engayne thrived, remaining unbeaten and scoring a large number of tries.

In the quarter-finals, we unfortunately lost by just one point. Nonetheless, finishing in the top eight in the borough for a team that only formed last year is outstanding. It was truly an amazing day, and the attitude displayed by all of the children was exemplary.

Well done to all of the children for your hard work. You have made the entire Engayne community proud!

Message from the Head teacher

Thank you for all the parental support this term and attending the many events including parent assemblies, meet the teacher evenings, year one cafe, year 5 Easter assembly at St Luke's Church, OPAL playdates and reception Easter crafts. We are so lucky to have such support from you all.
The children continue to make progress within their learning and have been trying very hard, I hope you were proud of what you saw while visiting on parents evening.

Sadly Miss Bamrah will be leaving Engayne in July as she is getting married and moving to the other side of London. She will be missed by all of us and she has been a wonderful teacher. We also have two other weddings as both Miss Monahan and Miss King are getting married. Miss Williamson AKA Mrs Day is expecting her first child later in the year so will not have a class in September.

Have a lovely Easter break and enjoy some time with family. See you all on Monday 13th April 2026 when we return to school.

regards Mrs Sankey

RECEPTION

RECEPTION

YEAR 1

In year 1 we have been reading mrs wobble the waitress we have been very busy typing invitions and being star bakers bakin lots of yummy treats for cafe

By Maeve. 1E

YEAR 2

This term in year 2, we have been super busy exploring the interesting countries and cities of the UK! We've had so much fun using our beebots to give and follow directions.

Now, we can zoom around with our maps and compasses like real adventurers. It's been a fantastic term!

by Bea T and Lottie N - 2m

YEAR 3

This half term Year 3 had Celtic day. It was brilliant and fun. We did lots of activities like cooking soup, making clay sculptures and printed Celtic knots. In maths, we have been learning about fractions. In science our topic was forces and magnets. We did some experiments to test friction and find magnetic objects. In PE we have been doing orienteering. We use ipads to follow a trail of plaques. It has been fun to read maps.

YEAR 4

This term, Year 4 have had an excellent spring! In this newsletter, I will tell you all about it.

First of all, I need to tell you about our amazing class book. It is called: The Indian in the Cupboard. I recommend it to you. It's about a magical cupboard that can bring any plastic toys to life! It even taught us some information about the indigenous people!

Next up, here's what we're doing in DT. We cooked crepes and risotto. They tasted DELICIOUS!!! For the crepes, we even got to choose our own toppings! And that's not all, the risotto tastes yummy AND has lots of vegetables, so it's healthy as well!

Last of all, I just have to tell you about our geography topic. It's about the Canary Islands. EVERYTHING about them are amazing! JUST to give you an idea of how epic they are, they have the highest mountain in spain, Mount Teide reaching 3718 meters tall.

~ Ralph 4BT

YEAR 5

In year 5 this term we have worked so hard doing various things like our Easter play. We learnt our lines quickly so that we could practice the acting. It took a lot of time and effort but we managed to pull it off! My favourite subject was PE because I like hockey and learning about it. In English we learnt lots of intresting facts of the rainforest.

Jack, Joss and Maddie 5P

YEAR 6

Year 6 have had a very busy half term. In English, we have been finding out all about Victorian workhouses and the work done by Thomas Barnardo to make sure every child had a good start to life. Our PE lessons have been fun, we have been working in teams to complete different orienteering courses, solving puzzles and problems on the way. During our computing lessons, we have been learning how to create spreadsheets in Google Sheets, some of us even made charts and graphs. We celebrated World Book Day and for homework made some brilliant book characters, from potatoes.
